DIRECTOR, CONTENT STRATEGY & CREATION | CONSUMER INSIGHTS ANALYST

PROFESSIONAL SUMMARY

I turn complex products, audiences, and business problems into clear creative ideas, compelling experiences, and scalable content systems. I have more than 15 years building creative and content programs across strategy, UX, digital, video, SEO, and production, from the first insight through execution and optimization. Give me a complicated product, ambiguous brief, fragmented customer journey, or overloaded content ecosystem, and I'll find the story, simplify the experience, and build the system to bring it to life. I don't just develop ideas. I build strategies, align teams, shape creatives, and create systems that make great work scalable.

CAREER HIGHLIGHTS

SBM Life Science | Cary, NC | Consumer products manufacturer — BioAdvanced, Natria and Baby Bio brands

Joined as Digital Producer in 2018; promoted through four roles into enterprise content leadership. By 2021, functioned as the sole owner of enterprise content strategy, governance, and production for BioAdvanced and Natria—director-scope responsibility without the title change.

Director of Content Strategy / Consumer Affairs Manager

2021 – 2026

- Designed video and content production frameworks that reduced annual production costs by more than \$200K and increased video output from 3 to 20 per year.
- Built and governed the company's Salsify PXM platform, creating a single source of truth for product content across all sales and marketing channels for a catalog of 200+ products.
- Developed consumer claims management, PR response, and product sampling workflows that reduced payout costs by 60%.
- Led enterprise content strategy across retail, eCommerce, packaging, owned digital channels, product education, and customer experience, aligning all touchpoints to a consistent brand narrative (B+ & A+ Graphics, Articles, Videos, Copy)
- Directed consumer education content initiatives, shifting messaging from product efficacy claims to usage guidance that helps customers apply products correctly and responsibly.
- Set KPIs and milestones for content conversion rates and production turnaround times.
- Managed hybrid global teams: customer experience reps, designers, agency partners, and external vendors across multiple parallel workflows.

Digital Content Specialist ← Data Analyst ← Digital Producer

2018 – 2021

- *Digital Content Specialist*: Developed content across digital ecosystems with an emphasis on discoverability and conversion. Directed multimedia and video production supporting customer education and product adoption. Collaborated cross-functionally with product, sales, and marketing on engagement and conversion initiatives.
- *Data Analyst*: Built funnel analytics dashboards and behavioral reporting frameworks that informed content strategies. Identified performance gaps through data analysis, driving measurable UX and conversion improvements.
- *Digital Producer*: Produced digital content across channels, contributing to content systems that scaled into enterprise operations.

Gelia Media, Inc. | Cary, NC | Integrated B2B marketing agency — clients include Caterpillar Inc.

PPC Account Manager 2017 – 2018

- Built performance messaging frameworks for B2B search, display, and social campaigns.
- Improved campaign efficiency with testing and optimization against engagement and conversion targets.

Dex Media (now Thryv Holdings) | Cary, NC | SaaS marketing and business management solutions for SMBs

Campaign Manager & Editorial Specialist 2008 – 2016

- Managed SEO content, editorial workflows, digital marketing, and UX-focused customer communications across multiple digital products over eight years.
- Led writers and designers on customer-centered content and usability experiences.
